# THE PROPERTY

# FIRST FLIGHT 1901

The First Flight 1901 brand name is in homage to the True Pioneer of Aviation and Inventor of the first successful aeroplane. During the early morning hours of August 14th, 1901 Gustave Whitehead, born Gustav Weisskopf, became the first ever to take off in a flying machine under its own power into the air in full flight.

He taught the world how to fly.

This pioneering event took place on the outskirts of the town of Fairfield in the State of Connecticut, USA.
